FOR IMMEDIATE RELEASE:

Kronenwetter Preparing Outdoor Recreation Plan

The Village of Kronenwetter has partner with the North Central Wisconsin Regional Planning Commission (NCWRPC) in support of its initiative to prepare an Outdoor Recreation Plan for the Village. The five-year Outdoor Recreation Plan for 2012-2016 will be used to identify new projects for development as well as identifying which parks or forest segments need additional, repurposed, or reconstructed recreational facilities (like trails, buildings, or camp sites). Completion of the plan enables the Village eligibility for competitive grants of 50% from the DNR Stewardship Fund, and other federal sources.

The Village needs your help! In order to craft an outdoor recreation strategy that is acceptable to residents, the Village would like to know what you think. NCWRPC has compiled a brief survey for residents to take; the survey poses questions about recreational issues facing Kronenwetter and what improvements the populace would like to see. The survey can be printed from the Village of Kronenwetter website or picked up at the Municipal Center. Either drop off or mail the completed survey to the Village of Kronenwetter Municipal Center, 1582 Kronenwetter Dr, Kronenwetter, WI 54455, by November 11, 2011. The Village hopes to receive a strong response to this survey in order to develop a plan that is in line with taxpayer desires. A draft plan will be available for public review within a few months. Survey results, plan maps, and the draft plan will be available online at: <http://www.ncwrpc.org/marathon/kronenwetter/orp.html> and on www.kronenwetter.org by following the Parks & Rec tab.
