

Fees

AECOM's proposed fees are as follows:

Coordination/Permitting	\$12,805
Wetland Delineation	\$6,828
Topographic Survey	\$7,954
Path Design	\$22,447
Pedestrian Bridge	\$10,687
Hydrologics and Hydraulics	\$3,668
Bidding	\$1,783
Construction Administration	\$25,885

Subconsultants

American Testing Services, Inc.	\$1,930
---------------------------------	---------

Total Proposed Fee **\$93,987**

Assumptions

1. There will be no real estate impacts outside the right of way.
2. DNR screening for archaeology and history will not identify any resources that require further investigation.
3. Wetland impacts are not anticipated as the bridge is expected to span wetland areas. A 404 permit is not included in this proposal.
