FIRE DEPARTMENT

SERVING THE VILLAGE OF KRONENWETTER & TOWNSHIP OF GUENTHER

GENERAL INFORMATION ON OPEN BURNING

Open burning is fun to enjoy, but it must be done safely & within regulations to ensure the safety of life and property. The following are some easy guidelines to ensure your safe fire.

Open burning is:

- *Only allowed between 6:00 PM and 12:00 AM (Midnight).
- *Not allowed on legal holidays and Sundays.
- *Not allowed within 25 feet of a structure.
- *Not allowed when the wind speed is 8 miles per hour or more.
- *Only allowed without permit when there is at least one inch of continuous snow coverage.

DIFFERENCE BETWEEN OPEN BURNING & RECREATIONAL BURNING

Many people wonder, what is the difference between open burning & recreational burning. Below are examples of open fires allowed by permit, recreational fires that do not need permits and fires that are not allowed:

Recreational Fire: Within a fire pit at least 8 inches deep and a maximum diameter of 4 feet OR in a portable "Weber" type device that is placed on a non-combustable surface. The fire may not exceed 4 feet from the ground. Any fire pits under ground shall be surrounded by a non-combustable material such as concrete blocks or bricks. Must be at least 15 feet from any structure.
